Prerequisite Courses for University Prelicensure BSN Registered Nurse (RN) Programs in Washington State Nursing
(Based on website review) Last updated: 5.20.2024

For a complete list of Washington State Board of Nursing approved nursing programs visit, https://nursing.wa.gov/education/nursing-education-programs/approved-nursing-education-programs, and click on "Nursing programs in Washington (PDF)".

Spreadsheet Notes
• This spreadsheet was created to be a general guide to support potential nursing students in mapping out their nursing education. It is reviewed and updated twice a year (generally in late spring and mid-fall) and may not contain the most up-to-date information. **For the most up-to-date information on each program, you must visit the program website.**
• Nursing programs have additional requirements to apply. These requirements can vary from program to program. Be sure to carefully review the application requirements for any program you want to apply to.
Some additional requirements can include the following (this is not a complete list of all possible requirements). Visit the program website for more detailed information.
- Completed Application to the BSN program
- Submit an essay
- Submit multiple reference letters
- Admission interview may be required
- Proof of current immunization status: Vaccinations must be up-to-date and current.
- A background check performed by the Washington State Patrol and with a "No Record On File" report with the Department of Social and Health Services. (All nursing students are required to complete a background check. The background check is usually completed through the nursing program you are applying to.)
- American Heart Association CPR for the Health Care Provider. This includes adult, child, and infant, under the guidelines of the American Heart Association. Online CPR courses are not accepted.
- Students can be required to carry personal health/medical insurance throughout their clinical rotations.

• College-level skills in English and math (eligibility for courses numbered 100 or higher) are required before registering for the the college-level nursing prerequisite courses listed on this spreadsheet. Students may need to complete additional prerequisite coursework if they do not yet qualify to register for these college level courses.

Private University Nursing Program	• Schools highlighted in purple are private universities. Course numbers and curriculum most likely vary from that of Common Course Numbering (known as CCN). They may also have additional prerequisites that include religious study. This guide does not list any required religious prerequisites for private schools. If you are considering applying to a nursing program at a private university, it is recommended that you contact the school directly and work closely with them to ensure any prerequisites you take outside of that school count as qualifying prerequisites to apply to their nursing program.

"Planning prerequisite courses can be complicated. Without all of the information or a plan, you risk wasting your time and money. After attending an information session schedule an appointment with an academic advisor to help you plan a sequence of courses for your unique circumstances. If you intend to take prerequisite courses somewhere else, check with an academic advisor about transferability."

Eastern Washington University	Baccalaureate Degree Registered Nurse (BN) Programs	https://www.ewu.edu/cheh/nursing/	Baccalaureate Degree in Nursing (BSN)	N/A	**To be eligible for admissions, interested individuals must:** • Apply to EWU or be admitted to EWU for the term they are applying for. • Achieve a minimum grade of C or 2.0 GPA in any course at the time of application. • At the time of application, have a 3.0 minimum cumulative GPA in the Nursing Prerequisites. • At the time of application, have a 3.0 minimum cumulative GPA in all college-level coursework from all schools attended. • If invited, attend the interview portion of the admission process. • Complete the EWU Application for Admission and Meet Basic Core Area Requirements (BACR) and EWU Graduation Requirements prior to entry into the program. • GPA requirements must be maintained throughout the admissions process to remain eligible. • Applicants who meet the minimum requirements are not guaranteed admission.	Bachelor of Science (BSN) The Bachelor of Science in Nursing (BSN) is completed at the Spokane campus, and is a semester based program. Typically, freshmen enrolling at EWU will need at least two years of coursework to complete before they are eligible to apply for the BSN program. Students must complete all university core requirements (BACR) and EWU graduation requirements (GR) and earn 180 quarter credits in progress at the time of application. Students should meet with their CAAR advisor to ensure all university core requirements are completed before entering the BSN Nursing program.AH13 AH15AF15AF23AH12 AH14AF12 AH17AH13 AH18AH13 AH19AF13 AH15AH13 AH17									X		X		X		X							X	X	X	X								X (+ CHEM 161 Lab)	X (+ CHEM 162 Lab)	X (+ CHEM 163 Lab)													X		
Gonzaga University	Baccalaureate Degree Registered Nurse (BN) Programs	https://www.gonzaga.edu/academics/colleges-schools/college-of-nursing-health-human-performance/undergraduate-programs/nursing-bsn.aspx	Baccalaureate Degree in Nursing (BSN)	N/A	**Admission Requirements** • The Bachelor of Science in Nursing (BSN) program is for individuals seeking initial preparation and licensure as a Registered Nurse (RN) • High school students, in the fall of their senior year of study, apply for admission to the nursing program through Gonzaga University's admission process. Once admitted, students will be in the nursing program beginning with the fall semester of their freshman year. • Students may request the 8- or 9-semester option for completing a BSN degree. • Students must have a minimum 2.75 cumulative prerequisite coursework GPA of 3.0 and achieve a C grade in all of the pre-requisite nursing courses. • If a student receives below a C (2.0 in any of the pre-requisite courses, the student may retake one pre-requisite course one time only. • Continuation to the upper division BSN program is contingent upon successful completion of the first two years of college coursework. • After completing the first two years, students will begin nursing major coursework and clinical experiences in a variety of community and healthcare settings. • The program also prepares students to take the National Council Licensure Examination (NCLEX) after graduation, a requirement for licensure as a registered nurse.						X (or BUSN 230)						X (+ BIOL 170 Lab)											X (+ HPHY 241 Lab)	X (+ HPHY 242 Lab)	X	X (+ CHEM 101 Lab)															X			X	X			
Heritage University	Baccalaureate Degree Registered Nurse (BN) Programs	https://www.heritage.edu/academics/pathways-college-adults-degrees/nursing/	Baccalaureate Degree in Nursing (BSN)	N/A	**Second Age Check graduate admitted to Heritage is reviewed and may request placement into Pre-nursing Pathway if they achieved the following:** • High school 3.00 GPA on a 4-point scale. • Successful completion of three high school courses: English (4 units), college-prep mathematics (3 units), social sciences (2 units), biology and chemistry (2 units). Each course is to be completed with a grade of 2.00 (C) or better. Composite ACT score of 21 or better SAT Critical Reading and Mathematics sum score of 1010 SAT or better. • Successful completion of college-level MATH 107 or higher, ENGL 101 and ENG 102 and/or completion of pre-college level coursework placing students into MATH 140 and ENG 101. **Current Heritage University students may request placement into Pre-nursing Pathway if they have achieved the following:** • Overall minimum college GPA of 2.75 on a 4-point scale. • Overall minimum college course GPA of 2.75 on a 4-point scale. • Completion of CHEM 101 lecture and lab or CHEM 110 lecture and lab with grade of C+ or better. • Completion of all pre-requisite courses in MATH 140, MATH 143, with grades of C+ or better. • Completion of at least three of the following with grades of C+ or better. BIOL 111, BIOL 112, ENG 101, PSY 101, SOC 101, PHIL 210, UNIV 101 **Transfer students to Heritage University may request placement into Pre-nursing Pathway if they have achieved the following:** Overall minimum college GPA of 2.75 on a 4-point scale. • Overall minimum college course GPA of 2.75 on a 4-point scale. • Completion of the equivalent of CHEM 101 lecture and lab or equivalent CHEM 110 lecture and lab with grades of C+ or better. • Current enrollment in or completion of MATH 140 and MATH 143, with grades of C+ or better. • Completion of at the equivalent of best three of the following: BIOL 110, BIOL 111, ENG 101, PSY 101, SOC 101, PHIL 210, UNIV 101. C+ or better is required in each of the completed courses. • Admission to Heritage University. **Students who have completed a Vocational or Practical Nurse Certificate Program are eligible for pre-nursing in the BSN track provided:** • Overall minimum college GPA of 2.75 on a 4-point scale. • Overall minimum college GPA of 2.75 on a 4-point scale. • A grade of C+ or better in any completed course required for the BSN degree. • Overall minimum college course GPA of 2.75 on a 4-point scale. • Completion of the equivalent of CHEM 101 lecture and lab or equivalent CHEM 110 lecture and lab with grades of C+ or better. • Current enrollment in or completion of MATH 140 and MATH 143, with grades of C+ or better. • Admission to Heritage University. **Additionally** • Pre-nursing Pathway students are required to achieve C+ or better in each pre-requisite GUCN to remain in pre-nursing.	**Note:** BIOL 341/341L – Physiology, is also a required course for the BSN Degree. BIOL 341/341L may be completed in the prenursing year(s) or in the fall of the sophomore year of the BSN Program. Completion of a full Anatomy & Physiology pre-health sciences series (e.g., BIOL& 241 and BIOL& 242 at Yakima Valley Community College) meets the requirements for both BIOL 340/340L and BIOL 341/341L for the BSN Degree. If transferring in an A&P series from another college, it is recommended that the sophomore year online may still require BIOL 341/341L in the fall of the sophomore year to ensure adequate preparation for pathophysiology in spring of the sophomore year. Northwest University	Baccalaureate Degree Registered Nurse (BN) Programs	https://www.northwest.edu/academics/nursing/	Baccalaureate Degree in Nursing (BSN)	N/A	**HIGH SCHOOL SENIORS** • Application Process, including those earning college credit in high school (like Running Start and Concurrent Credit), are invited to apply to Northwest's application for admissions. • Priority Placement: Complete All of Your Prerequisites at NU • Current students receive priority placement for the nursing program. By working closely with our nursing program, we'll make sure you're on track to apply. This is crucial due to the competitive nature of our program and long wait lists. **Direct Entry Nursing Admission:** Students demonstrating the highest levels of academic achievement and Christian commitment may be considered for direct admission to the nursing program. This decision is based on the following criteria: • Admitted Students: First year undergraduate students admitted to NU's Kirkland campus. GPA: High school GPA of 3.5 or higher, Test Scores are recommended. ACT score of 28 or higher and/or SAT Super Score of 1250 or higher, and/or CLT score 83 or higher; Resume; Letter of Recommendation; Personal Statement; Interview **Progression and Seat Admission into NU's nursing program from Direct Entry requires the following:** • Maintain continuous full-time enrollment in the traditional undergraduate program at Northwest University (12 credit hours or more per semester). • All pre-nursing core courses and core curriculum requirements must be taken at Northwest University. • Complete all core curriculum requirements and be eligible for the nursing major within 2 years of initial enrollment. • Complete all pre-nursing courses, including those earning college credit in high school (like Running Start and Concurrent Credit), are invited to apply to Northwest's application for admissions. • Priority Placement: Complete All of Your Prerequisites at NU • Current students receive priority placement for the nursing program. By working closely with our nursing program, we'll make sure you're on track to apply. This is crucial due to the competitive nature of our program and long wait lists. **Direct Entry Nursing Admission:** Students demonstrating the highest levels of academic achievement and Christian commitment may be considered for direct admission to the nursing program. This decision is based on the following criteria: • Admitted Students: First year undergraduate students admitted to NU's Kirkland campus. GPA: High school GPA of 3.5 or higher, Test Scores are recommended. ACT score of 28 or higher and/or SAT Super Score of 1250 or higher, and/or CLT score 83 or higher; Resume; Letter of Recommendation; Personal Statement; Interview **Progression and Seat Admission into NU's nursing program from Direct Entry requires the following:** • Maintain continuous full-time enrollment in the traditional undergraduate program at Northwest University (12 credit hours or more per semester). • All pre-nursing core courses and core curriculum requirements must be taken at Northwest University. • Complete all core curriculum requirements and be eligible for the nursing major within 2 years of initial enrollment. • Complete all pre-nursing courses, including those earning college credit in high school (like Running Start and Concurrent Credit), are invited to apply to Northwest's application for admissions. • Priority Placement: Complete All of Your Prerequisites at NU • Current students receive priority placement for the nursing program. By working closely with our nursing program, we'll make sure you're on track to apply. This is crucial due to the competitive nature of our program and long wait lists. **Direct Entry Nursing Admission:** Students demonstrating the highest levels of academic achievement and Christian commitment may be considered for direct admission to the nursing program. This decision is based on the following criteria: • Admitted Students: First year undergraduate students admitted to NU's Kirkland campus. GPA: High school GPA of 3.5 or higher, Test Scores are recommended. ACT score of 28 or higher and/or SAT Super Score of 1250 or higher, and/or CLT score 83 or higher; Resume; Letter of Recommendation; Personal Statement; Interview **Progression and Seat Admission into NU's nursing program from Direct Entry requires the following:** • Maintain continuous full-time enrollment in the traditional undergraduate program at Northwest University (12 credit hours or more per semester). • All pre-nursing core courses and core curriculum requirements must be taken at Northwest University. • Complete all core curriculum requirements and be eligible for the nursing major within 2 years of initial enrollment. • If the student's cumulative GPA at the end of spring semester freshman year and going forward, falls below a 3.5 or if a grade of less than B- (2.7 on a 4.0 scale) is received in a pre- nursing core course, the student will lose Direct Admission status. • Students will complete Nursing Foundations and Nursing Care of Adults during the fall semester at Northwest University. • Student conduct issues will be taken into account for progression into upper division nursing coursework **TRANSFERS AND POST BACCALAUREATE** Transfer students who are completing their AA-DTA at a community college or transferring from a four-year college are invited to apply through Northwest University's application for admissions. Transfer students bring a unique perspective to each nursing cohort. *The first two years include completing prerequisites. Students enter the nursing program in the third year. Students with college credits can request a transcript evaluation to see which of their credits will transfer.	**As a private University, Northwest does not use Common Course Numbering (CCN). Below is the course numbering for prerequisite courses as they are numbered at Northwest. If taking prerequisite courses at a college other than Northwest, you need to work closely with Northwestern to ensure the course equivalency or transferability of any prerequisite you take. As a religious university, Northwest DOES require an additional 12-15 credits of religious study prerequisites. Visit the program website for more details.** Eng 101: Composition I – Writing/Reading Eng 102: Composition II – Rhetoric/Research Writing COMM 1210: Fundamentals of Speech Communication PSYC 1010: General Psychology* PSYC 2563: Lifespan Psychology SOCI xxx3: Choose 3 credits from Sociology BIOL 1110: Biology I SCIE 1101(3) General Chemistry I (w/Lab) BCI 2210/2: Survey of Organic and Biochemistry (w/Lab)* SCIE 2203/3: Human Anatomy & Physiology I (w/Lab)* SCIE 2213/3: Human Anatomy & Physiology II (w/Lab)* SCIE 2613: Diet & Nutrition BIOL 3104: Microbiology * Time Course: 2.7 minimum grade required. NOTE: All prerequisite courses must be complete on or before June 30, of the year you are entering the nursing program. Courses taken at NU are an exception to this and must be complete on the last day of the NU summer term.																																																	
Pacific Lutheran University	Baccalaureate Degree Registered Nurse (BN) Programs	https://www.plu.edu/admission/first-year/apply/nursing-direct-admission/	Baccalaureate Degree in Nursing (BSN)	N/A	**Nursing Direct Admission for First-Year Students** The School of Nursing offers direct admission to the traditional Bachelor of Science in Nursing (BSN) program. • To be considered for direct admission, you must have: A 3.4 or higher weighted cumulative GPA, three or more college-preparatory math and science courses (eg. Algebra 2 and higher, chemistry, physics, earth science, biology) with a B- or better grade. **First-year students who are directly admitted to Nursing and meet the following academic requirements will be guaranteed a spot in the Nursing program beginning fall semester of their junior year:** • Students are required to complete ALL pre-nursing coursework during their first two years at PLU. • Students are required to earn a 'B' grade or higher in ALL PLU coursework Note: If you are a Nursing Start or transfer student, please review the Nursing Start & Transfer Students section • There are four application priority dates for Nursing Direct Admission: October 15, November 15, December 15 and January 15. Students who submit all admission materials prior to one of these dates can expect a nursing direct admission decision prior to the next decision date. • Those not offered direct admission may still complete the pre-nursing coursework during their first two years at PLU, and apply to the School of Nursing during their sophomore year. **Nursing Start & Transfer Students** **Nursing Start:** If you will start your Pre-Nursing Associate's Degree (and have all PLU nursing prerequisites completed by the end of summer 2024), you can apply directly to the School of Nursing through the Application for Associate's Degree-seeking High School Seniors. If you will NOT complete nursing prerequisites by the time you start at PLU, apply for direct admission to Nursing instead. **Transfer:** PLU's Nursing Direct Admission Application is ONLY for first-year students (high school seniors). If you are a transfer student, learn more about applying to our nursing programs on the transfer application webpage.	**As a private University, Pacific Lutheran does not use Common Course Numbering (CCN). Below is the course numbering for prerequisite courses as they are numbered at Pacific Lutheran. If taking prerequisite courses at a college other than Pacific Lutheran, you need to work closely with Pacific Lutheran to ensure the course equivalency or transferability of any prerequisite you take.** Traditional BSN Program Prerequisites: Bio 101: Anatomy and Physiology I with lab, taken within the last 6 years Bio 102: Anatomy and Physiology II with lab, taken within the last 6 years Chem 101: Chemistry of Life (Organic and Biochemistry), taken within the last 6 years Bio 201: Microbiology with lab, taken within the last 6 years Psych 320: Developmental Psychology — Lifespan (Psych 101: Introduction to Psychology is a prerequisite for this course) Stat 221: (acceptable at PLU as an alternative: Stat 252 or 233) Nursing 126: Nutrition																																																	
Saint Martin's University	Baccalaureate Degree Registered Nurse (BN) Programs	https://www.stmartin.edu/academics/school-nursing-and-healthcare-leadership/university-nursing-bsn-traditional-track	Baccalaureate Degree in Nursing (BSN)	N/A	**CRITERIA FOR FIXED-YEAR DIRECT ADMISSION TO NURSING** • First-year undergraduate Bachelor of Science in Nursing applicants must meet the general entrance requirements of the University as outlined in the university catalog and at the first-year admissions website. • Applicants must have a minimum 3.5 GPA on a 4.0 scale in the last 90 quarter credits of high school or higher science course, including one year of laboratory science and mathematics including college preparatory algebra, with grades of "B" (3.0) or higher. **Progression into upper-division nursing courses are dependent on the following:** • A cumulative GPA of 3.0 or higher at the end of the second (sophomore) year at Saint Martin's. • A minimum cumulative GPA of 3.0 or higher in the prerequisite sciences taken at Saint Martin's University. • All pre-requisite courses must be passed with a grade of B or higher. • Students may repeat one pre-requisite course one time if they receive a grade of lower than a B. • Satisfactory completion of all clinical entry requirements, including background clearance, drug screen and immunizations. • COVID-19 vaccination is required for all nursing students - no exemptions are permitted. **TRANSFER APPLICATION AND ADMISSION REQUIREMENTS:** • Transfer student applicants to the upper division of the Bachelor of Science in Nursing program must meet the transfer admission requirements of the University as outlined in the university catalog and at the Transfer (undergrad) website. • Transfer students must complete a minimum of 45 credits at Saint Martin's to graduate from the nursing program. • A cumulative GPA of 2.5 or above. Transfer student GPA is computed from all college-level coursework taken. • A minimum of 3.0 GPA in all required prerequisite science courses. • Completion of all nursing prerequisite courses. Prerequisite course may be taken at any accredited college or university. • Students may repeat one prerequisite science course one time if they receive a grade of lower than a B. • Satisfactory completion of all clinical entry requirements, including background clearance, drug screen and immunizations. • COVID-19 vaccination is required for all nursing students - no exemptions are permitted. • Transfer applications to the BSN program are due Feb. 1. Students will be notified of admission, wait list or denial for the BSN program in March.	**As a private University, Saint Martin's does not use Common Course Numbering (CCN). Below is the course numbering for prerequisite courses as they are numbered at Saint Martin's. If taking prerequisite courses at a college other than Saint Martin's, you need to work closely with Saint Martin's to ensure the course equivalency or transferability of any prerequisite you take.** BIO 121: Human Biology BIO 228/228: Human Anatomy & Physiology I BIO 229/329: Human Anatomy & Physiology II CHM 110: Introduction to Chemistry CHM 121: Introduction to Chemistry MTH 101: Intermediate Algebra (may be waived if student tests into higher level math) MTH 201: Introduction to Statistics NUR/EDE 201: Human Nutrition PSY 101: Psychology PSY 215: Lifespan Development																																																	
Seattle Pacific University	Baccalaureate Degree Registered Nurse (BN) Programs	https://www.spu.edu/academics/school-of-health-sciences/undergraduate-programs/bsn-traditional-track-application-requirements/	Baccalaureate Degree in Nursing (BSN)	N/A	**Types of Applicants** • High school seniors apply to SPU through the Common Application as a nursing intended student. High School seniors may be considered for direct pre-admission when applying to Seattle Pacific University. • SPU students must be currently enrolled full-time at SPU in good academic standing, and have been enrolled full-time at SPU consecutively for four quarters before beginning the program. • Transfer students are those who have completed college-level courses (nursing pre-requisite courses) at another educational institution, may include completed degree, such as, AA, DTA. • Post-baccalaureate students hold a non-nursing bachelor's degree. **Minimum Requirements** • Get involved in your community. Volunteer, work, or leadership experience is highly recommended. Volunteer and work experience do not need to be in health care and are equally valuable. • Successfully complete the nursing prerequisite courses. Applicants who have completed all or the majority of the prerequisite courses at the time of application are considered more competitive. • Your professional recommendation should be from someone who can speak well to your professional capabilities. We do not require applicants to have a certified nursing assistant certification (CNA) to apply. Having a CNA gives you the benefit of understanding some of the basic physical care that is involved in nursing. Likewise, working as a nursing assistant will give you valuable work experience. But, it is not a requirement to apply. • We do not require applicants to take or report scores for the TEAS Examination.	**As a private University, Seattle Pacific does not use Common Course Numbering (CCN). Below is the course numbering for prerequisite courses as they are numbered at Seattle Pacific. If taking prerequisite courses at a college other than Seattle Pacific, you need to work closely with Seattle Pacific to ensure the course equivalency or transferability of any prerequisite you take.** To be competitive for admission, the following prerequisite college-level courses must be completed before beginning the program. In order to begin the program, the following prerequisite college-level courses must be completed: "General (Inorganic) Chemistry" with lab (CHM 1310) "Biological (Organic) Chemistry" with lab (CHM 1360) "Anatomy" with lab (BIO 2139) "Physiology" with lab (BIO 2138) "General Microbiology" with lab (BIO 3311) "Statistics" (MAT 1260, MAT 2360) "Developmental Psychology" (PSY 2470) "Human Nutrition" (FCS 3340) "Statistics" (MAT 1260, MAT 2360) All nursing prerequisite courses must be completed with a minimum grade of "C" (2.0 on a 4.0 scale) to be considered successfully completed, with a cumulative prerequisite GPA of 2.85 or above for SPU students; or a cumulative prerequisite GPA of 3.5 for transfer students. There may be no more than two prerequisite subjects taken overall to earn a grade higher than a 2.0. Applicants that exceed the Prerequisite Retake Policy are no longer eligible for the nursing program. Students must also maintain good academic standing at SPU. **Note:** an AP score, if used for a Nursing prerequisite course, will count as having completed the course, but no grade will be used for the prerequisite calculator; therefore, it will not add to or subtract from your prerequisite GPA. Contact Staff in Undergraduate Admissions for any questions regarding AP course equivalency. *Final acceptance in the program is contingent on successful completion of the pre-requisite courses by the end of Spring quarter for both Autumn and Winter admits. All applicants must have achieved the minimum, or higher, pre-requisite GPA at the time the application is submitted and when all pre- requisite courses are complete.																																																	
Seattle University	Baccalaureate Degree Registered Nurse (BN) Programs	https://www.seattle.edu/nursing/	Baccalaureate Degree in Nursing (BSN)	N/A	**Application and Credit Requirements** • The Seattle University Admissions Office reviews applications holistically. General admission requirements are listed below, but know that many factors are considered in the admissions process. Students with specific questions regarding their admission should contact their Admissions Counselor. To see a list of required materials, please see the how to Apply page on the Seattle website. • Successful candidates complete the following minimal program in high school (each unit is equivalent to one academic year of study): English: 4 units, Mathematics (college preparatory): 3 units, Social studies: 3 units, Laboratory science: 2 units, Foreign language: 2 units, Visual and performing arts: 1 unit, Electives: 3 units from the above disciplines: 2 units **Direct Entry Admissions Requirements** At Seattle University, students can apply directly to their intended major. For instance, students who select "Nursing" as their intended major will be considered directly for admission to our Nursing program. If admitted, students can begin their journey in their major right from the beginning. **Competitive applicants to majors within the College of Nursing must meet minimum requirements: credit requirements (see the top of this page) and:** • Cumulative GPA requirements (minimum 3.0 GPA) in all college-level coursework from all schools attended and in the equivalent of Pre-Calculus (complete or in progress). • One year of laboratory Biology and Laboratory Chemistry (with B grades or higher). • Demonstrated interest in Nursing, Diagnostic Ultrasound, Science, or other related topics via coursework or extracurricular activities. • If test scores are submitted, the minimum ranges apply: SAT: 500+ in Math required, ACT: 20+ in Math required • The typical middle 50% of admitted applicants who submit their scores: SAT: 1210-1330; ACT: 25-29 • Test scores are recommended, but not required for Direct Entry consideration. **Our Bachelor of Science in Nursing is our most competitive program. Please note: to pursue Nursing, students must indicate Nursing on their application and meet all relevant admissions deadlines. Due to the cohort nature of the program, students are not able to change their major to Nursing after enrolling at SU.** • Admission Requirements and Considerations: 3.30-4.0 GPA unweighted GPA* • One unit each of laboratory Chemistry and laboratory Biology, B grades or higher preferred • Two units of Algebra, one unit of Geometry, one unit of Trigonometry, B grades or higher preferred *The admissions review process will consider a student's schedule, AP or honors coursework, and grade trend in context with cumulative GPA.	**As a private University, Seattle University does not use Common Course Numbering (CCN). Below is the course numbering for prerequisite courses as they are numbered at Seattle University. If taking prerequisite courses at a college other than Seattle University, you need to work closely with Seattle University to ensure the course equivalency or transferability of any prerequisite you take. As a religious university, Seattle University DOES require additional religious study prerequisites. Visit the program website for more details.** The Core curriculum is Seattle University's common undergraduate educational experience. The Core is a thoughtfully designed, integrated curriculum created to help all SU students grow as scholars, as citizens, and as effective and engaged whole persons. Students who complete an approved Associates degree (ETA) will be guaranteed junior standing (90 quarter transfer credits) upon admission to Seattle University, and eight of the University Core requirements will be waived. **MINIMUM ADMISSIONS REQUIREMENTS** MATH 1010: College Algebra for Business, Precalculus or higher BIOL 1100: Introductory Biology CHEM 1200: Introductory Chemistry PSYC 1100: Introductory Psychology BIOL 2200: Anatomy and Physiology I BIOL 2210: Anatomy and Physiology II MATH 1210: Statistics BIOL 2220: Microbiology PSYC 3220: Lifespan Growth & Development NURS 3705: Nutrition																																																	
University of Washington	Baccalaureate Degree Registered Nurse (BN) Programs	https://nursing.uw.edu/	Baccalaureate Degree in Nursing (BSN)	N/A	**PREREQUISITES** • There is no expiration date for prerequisite courses. However, you may wish to re-take a course if you feel you need a refresher. • Minimum college-level cumulative GPA of 2.0 (examined the BSN GPA Worksheet to see if you are eligible) • Any 5 credits of BIOL (or equivalent) coursework (Anatomy, Physiology, and other Three Natural Sciences (NS)) prerequisite courses (general chemistry, organic chemistry, microbiology, anatomy, physiology, nutrition) with a minimum cumulative GPA of 3.0, or four Natural Sciences prerequisite courses with a minimum cumulative GPA of 2.8 • Any outstanding NSc courses (six total) must be completed by the time you enroll in the program. • At the time you apply, you must have sufficient time to complete 90 quarter credits of college-level prerequisites (each with a minimum grade of 2.0 ("C") by the time you enroll in the program • All prerequisites listed must be completed by the end of summer quarter, prior to the autumn quarter start of the BSN program. • Quarter credits are required. 1 semester credit = 1.5 quarter hour credits. • Read UW's tips for evaluating your transcripts. • **Transfer students can find additional help using the UW Equivalency Guide for Washington Community and Technical Colleges. Students with a Direct Transfer Agreement associate degree from a Washington state community college should refer to the Transfer Associate Degree Agreement page about counting courses for Areas of Inquiry.** • Advanced Placement tuition on AP exam can refer to the UW policy regarding the awarding of UW credit for AP scores. • Minimum 100 hours of paid or volunteer health care experience in one setting within a three-month span, completed within 12 months prior to applying • Meet Essential Qualifications for BSN students • If your native language is not English, proof of proficiency in English (including spoken English)	• An additional 10 credits of Social Science beyond the NUWS 201 is also required. • One general Biology course to be completed before taking Microbiology and Chemistry. Many schools already require this; UW is an exception.	X (or ENGL 121, 131, 182, 197, 198, 199, 281)	X (or HSTAA 111, PHIL 240, POL 202, SOC 452)	X (or MATH 112, 124, 134, PHIL 115, 120, 470) Elementary Statistics recommended but not required. Intermediate Algebra and Calculus offered at other schools	X (or EDPSY 400, CDACTN 201) The UW views all learning experiences of degree-seeking students at Clarion offered at other schools
